

# IBM Cloud Services

**Project Name: Smart Farmer- IoT Enabled Smart Farming Application**

**Team ID: PNT2022TMID01763**

**Date: 15 November 2022**

The screenshot displays the IBM Cloud Dashboard. At the top, the header includes the 'IBM Cloud' logo, a search bar with the text 'Search resources and products...', and navigation links for 'Catalog', 'Manage', and the user account 'HARSHITHA N's Account'. The main section is titled 'Dashboard' and features a 'For you' recommendation carousel. This carousel contains six cards: 'Build' (a large blue card), 'Build a web app with Watson Speech to Text' (15 min, 'Getting started'), 'Get Started with Watson Studio' (2 hr, 'Popular'), 'IBM Watson Knowledge Catalog' (2 min, 'Recommended'), 'IBM Cloud Migration Services' (5 min, 'Recommended'), and 'Build and deploy Node.js apps' (15 min, 'Recommended'). Below the carousel, there are four panels: 'News' with links to SLSA Support, WebSphere support, and IBM lifecycle services; 'Recent support cases'; 'Planned maintenance'; and 'IBM Cloud status' showing a world map. A vertical sidebar on the left contains various service icons, and a bottom right corner features a chat bubble icon.
